Orange Beef

with Bell Pepper and Scallion Rice

We love the addictively sweet and spicy sauce that comes with takeout orange beef. You won't believe how simple this dish is to make at home. We combine soy sauce, apricot preserves, Sriracha, and fresh orange juice, then simmer until the sauce is rich and sticky. It coats slices of tender seared steak, served over bell pepper- and scallion-studded rice. Skipping delivery has never been so easy.

Recipe tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

No need to wipe the pan clean after searing the steaks; the browned bits will add great flavor to the sauce.

Cutting meat against the grain ensures tenderness. Find the direction of the grain (muscle fibers) and slice across it, rather than parallel.

We recommend rinsing the pan from the sauce ASAP to make cleanup easier.

USDA recommends cooking beef to 145°F.

1. Cook rice

In a small pot, combine **rice**, **¾ cup water**, and **¼ teaspoon salt**, and bring to a boil over high heat. Stir once, reduce heat to medium low, cover pot, and simmer until water is fully absorbed, 10–12 minutes. Remove pot from heat and let stand, still covered, for 10 minutes. Fluff **rice** with a fork, then cover again to keep warm until Step 6.

2. Prepare ingredients

While rice cooks, rinse all produce. Halve **bell pepper** lengthwise, discarding seeds and stem; cut into ¼-inch pieces. Halve **orange**. Trim and discard **scallion** roots and thinly slice, keeping whites and light greens separate from dark greens. Mince **garlic**. In a medium bowl, whisk together **ginger**, **soy sauce**, **apricot preserves**, **rice wine vinegar**, **Sriracha** (use less for milder flavor), and **juice of 1 orange** to combine. Set aside.

3. Sauté bell pepper

Heat **2 teaspoons canola oil** in a medium pan over medium-high heat. When oil is shimmering, add **bell pepper** and sauté, stirring, until lightly browned, about 5 minutes. Season with **¼ teaspoon salt** and **black pepper** as desired. Transfer to a bowl and cover with foil to keep warm until Step 6, reserving pan for the next step.

4. Sear steaks

Pat **steaks** dry with paper towel and season all over with **½ teaspoon salt** and **black pepper** as desired. Return pan from bell pepper to medium-high heat with **½ tablespoon canola oil**. When oil is shimmering, add **steaks** and sear until browned and medium rare, 4–6 minutes per side. Transfer **steaks** to a plate to rest, reserving pan for the next step (see recipe tip).

5. Simmer orange sauce

Heat **2 teaspoons canola oil** in pan from steaks over medium heat. When oil is shimmering, add **garlic** and **scallion whites and light greens**. Sauté, stirring, until beginning to soften, about 2 minutes. Add **orange sauce** to pan. Bring to a boil over high heat, then reduce heat to medium and simmer, stirring frequently, until thickened, 4–5 minutes. Remove pan from heat. Taste and season with **salt** and **black pepper** as desired.

6. Plate orange beef

Once rested, cut **steaks** against the grain into ¼-inch slices (see recipe tip). Add to pan with sauce and toss to coat. Add **sautéed bell pepper** and **half of scallion dark greens** to pot with rice and stir to combine. Divide **scallion rice** between serving plates and top with **orange beef**, spooning over any **remaining sauce** from pan (see recipe tip). Garnish with **remaining scallion dark greens** and dig in!
