Steak Frites

with Creamy Shallot Sauce and Sautéed Spinach

1715-2302-2P

They're called *patatas fritas* in Spain, chips in England, and *furaido poteto* in Japan. But we know them as french fries because of the original French technique of frying potato strips in a deep pot of oil. In this much-loved encore recipe, we forego the sizzling fat for crispy, oven-baked wedges, which are finished with a sprinkling of flaky sea salt and paired with classic seared steaks.

Recipe Tips

Be sure to read through the entire recipe before you begin cooking.

Deglazing is a technique in which adding liquid, like wine, to the pan after cooking protein loosens any browned bits stuck to the bottom. Scrape them up into your shallot sauce—they are full of flavor.

Cutting meat against the grain ensures tenderness. Find the direction of the grain (muscle fibers) and slice across it, rather than parallel.

USDA recommends cooking beef to 145°F.

1. Prepare Ingredients

Preheat oven to 450°F. Rinse **potatoes** and halve lengthwise. Cut lengthwise into ¼-inch slices, then cut lengthwise again into ¼-inch fries. Thinly slice **garlic**. Peel **shallot** and thinly slice into rings.

2. Bake Frites

On a baking sheet, toss **potatoes** with **1½ tablespoons olive oil**, **½ teaspoon kosher salt** and **pepper** as desired. Arrange in a single layer and bake until crisp and tender, 20-25 minutes. (Keeping the potatoes separate and well-spaced helps them get crispy, rather than steam!)

3. Sear Steaks

About halfway through frites baking, pat **steaks** dry with paper towel then season all over with **½ teaspoon kosher salt** and **pepper** as desired. Heat **½ tablespoon olive oil** in a medium pan over medium heat. When oil is shimmering, add **steaks** and sear until browned and medium rare, 3-5 minutes per side. Transfer **steaks** to a plate, leaving behind any juices in pan for shallot sauce, and set aside to rest.

4. Sauté Spinach

While steaks rest, heat **1 tablespoon olive oil** in a large pan over medium heat. When oil is shimmering, add **garlic** and cook until fragrant, 1-2 minutes. Add **spinach** and sauté, stirring, until just wilted, 2-3 minutes more. Remove pan from heat. Season with **¼ teaspoon kosher salt** and **pepper** as desired, then divide between serving plates and, if desired, cover with foil to keep warm.

5. Make Creamy Shallot Sauce

Return pan from steaks to medium heat. Add **shallot** and cook, stirring, until soft, about 3 minutes. Add **white wine** and cook, scraping up browned bits from bottom of pan, until liquid is reduced by half, about 1 minute (see Recipe Tip). Stir in **mustard**, **horseradish**, and **sour cream** and cook until warmed through, about 1 minute more. Season with **⅛ teaspoon kosher salt** and **pepper** as desired, and remove pan from heat.

6. Plate Steak Frites

Cut **steaks** against the grain into ¼-inch slices (see Recipe Tip). Divide between plates with **sautéed spinach**, then spoon over **creamy shallot sauce**. Serve with **baked frites** sprinkled with as much **Maldon sea salt** as desired (a little goes a long way). Bon appétit!
