Sockeye salmon are a Pacific ocean variety with firm, deep red flesh. This beautiful fillet is gussied up even further with whole thyme leaves, pressed into the skin before searing in the pan. Lemon and mustard are two of our favorite salmon accompaniments, and we've incorporated both into this recipe for good measure.

USDA recommends cooking fish to 145° F.

1. Prepare Ingredients

Zest 1 **lemon** and halve both. Strip off **thyme** leaves, discarding stems. Rinse **asparagus** and trim and discard woody ends. Rinse **salmon** and pat dry with paper towel.

2. Make Creamy Mustard

In a small bowl, mix together **whole grain mustard**, **mayonnaise**, **1 squeeze lemon juice**, and **¼ of thyme**. Taste and add **salt** and **pepper** as needed. Set aside.

3. Cook Couscous

Heat **1 tablespoon olive oil** in a medium high-sided pan over medium heat. When oil is shimmering, add **couscous** and toast, stirring, 2 minutes. Add **chicken stock**, increase heat to high, and bring to a boil. Then reduce heat to medium and simmer until liquid is absorbed and couscous is tender, about 8 minutes. Remove pan from heat. Taste and add **salt** and **pepper** as needed.

4. Cook Salmon

While couscous cooks, season salmon with **lemon zest**, **salt**, and **pepper**. Squeeze over **juice of ½ lemon** and sprinkle over **remaining thyme**, pressing lightly to adhere. Heat **1 tablespoon olive oil** in a medium pan over medium heat. When oil is shimmering, add **salmon** flesh-side down and cook until golden on bottom, 3-5 minutes. Flip and cook until medium rare, 3-5 minutes more. Transfer to a plate and tent with foil to keep warm

5. Cook Asparagus and Char Lemon

Add **asparagus** and **remaining 1 lemon** cut-side down to pan from salmon over medium heat. Season asparagus with **salt** and **pepper**. Cook together until asparagus is bright green and lemon is lightly charred, about 5 minutes.

6. Plate Salmon

Divide **couscous** evenly between 2 plates. Top with **salmon** and **asparagus**. Drizzle over **creamy mustard**, garnish with **charred lemon**, and serve.

- RECIPE TIPS

Be sure to read through the entire recipe before you begin cooking. Trust us-- you'll be glad you did!

Charring lemon is one of our favorite techniques; it lightly caramelizes the fruit for a sweeter juice.

Sliding a toothpick or cake tester into fish is an easy way to test for doneness without slicing into it. If it moves without resistance, your fish is ready!
