# Tomato-Basil Quiche

## with Mozzarella and Parmesan

We adore Caprese, the classic Italian trifecta of mozzarella, tomato, and basil. Here, we channel it into a quiche for brunch. All three ingredients are combined with eggs, heavy cream, and Parmesan, then poured into pie crust and baked until the quiche is set and the crust is golden. Bonus: This recipe makes 4 slices of quiche, meaning you'll have 2 extra slices if you want to serve a larger crowd (or keep the leftovers for yourself!).

MEALS WORTH MAKING

## Ingredients

- 4 ounces baby arugula
- ½ pint grape tomatoes
- ⅛ ounce basil
- 1 shallot
- 1 clove garlic
- 1 pie crust
- 4 ounces heavy cream
- 6 eggs
- 2 ounces shredded mozzarella cheese
- 2 ounces shaved Parmesan cheese
- 1 tablespoon sherry vinegar
- 1 packet balsamic glaze

## You'll need

olive oil
kosher salt
black pepper
10" medium pan
baking sheet

## Recipe tips

Be sure to read through the entire recipe before you begin cooking.

If your pie crust is stiff and cracking, allow it to warm up at room temperature for about 5 minutes. Doing so will make it pliable and easier to work with. Then, pinch the dough back together.

If an egg breaks in transit, don't worry! You only need 4 for this recipe. Discard the broken egg, give the remainder a quick rinse, and you should be good to go. Save remaining eggs for another recipe.

Placing the tin on a baking sheet will help stabilize the quiche for easy transfer to the oven, and even cooking.

## 1. Prepare ingredients

Preheat oven to 350°F. Rinse all produce. Pat **arugula** dry with paper towel. Halve **grape tomatoes**. Roughly chop **basil** leaves, discarding stems. Peel **shallot**, halve, and thinly slice. Mince **garlic**. Reshape **pie crust**, if tin is bent (see recipe tip). In a small bowl, reserve **2 teaspoons heavy cream** for Step 4.

## 2. Carmelize shallot

Heat **1 tablespoon olive oil** in a medium pan over medium-high heat. When oil is shimmering, add **shallot** and cook, stirring frequently, until light brown and softened, about 3 minutes. Add **garlic** and **3 tablespoons water** and cook, stirring continuously, until shallot is golden, garlic is fragrant, and water has evaporated, 2–3 minutes more. Transfer **caramelized shallot** to a medium bowl.

## 3. Make egg filling

To bowl with shallot, add **4 eggs** (see recipe tip), **remaining heavy cream** (not reserved 2 teaspoons), **¾ teaspoon salt**, and **pepper** as desired; whisk until fully combined. Stir in **basil**, **half of mozzarella**, **half of Parmesan**, and **half of tomatoes** to combine.

## 4. Assemble and bake quiche

Place **pie crust** on a baking sheet (see recipe tip). Pour **egg filling** into pie crust. Brush crust with **reserved heavy cream** (this will help it get golden brown). Bake until eggs are almost set, 24–26 minutes. Use this downtime to brew a pot of coffee or tea. Then, sprinkle over **remaining mozzarella**; continue baking until mozzarella is melted and golden and quiche is cooked through, 4–6 minutes more. Set aside to cool for 10 minutes.

## 5. Make salad

While quiche cools, in a large bowl, combine **sherry vinegar**, **¼ teaspoon salt**, and **pepper** as desired. Whisking continuously, slowly add **2 tablespoons olive oil** until fully combined. Add **arugula** and **remaining tomatoes** to bowl with dressing, waiting to toss until ready to serve.

## 6. Plate quiche

Once cooled, cut **tomato-basil quiche** into 4 equal slices. Transfer **1 slice** to each serving plate (you'll have 2 extra slices—feel free to serve to a larger crowd, or refrigerate any leftovers in an airtight container for up to 3 days). Drizzle over **balsamic glaze**. Toss **arugula salad** and add to plates; garnish everything with **remaining Parmesan**. Dig in!
