Vegetable Sushi Bowls

with Wasabi Mayo and Nori

In Japanese, sushi actually refers to the seasoned rice, not the raw fish it's usually served with. Tonight's deconstructed, fishless sushi bowl features some of our favorite Japanese ingredients: *nori* (seaweed), wasabi, and sushi rice. Tangy marinated cucumbers, sautéed carrots, and pan-roasted mushrooms add even more depth and heartiness to this dish, which is topped with wasabi mayo and creamy avocado. No rolling required!

Recipe tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

When cooking rice, exact timing is crucial, as is keeping it covered—no peeking!

Wiping mushrooms clean instead of rinsing prevents them from absorbing water. They won't brown well if they're too wet.

1. Cook rice

In a small pot, combine **rice**, **2½ cups water**, and **½ teaspoon salt** and bring to a boil over high heat. Stir once, then reduce heat to low, cover pot, and cook until water is fully absorbed, 12 minutes. Remove pot from heat and let stand, still covered, for 10 minutes (see recipe tip). Fluff **rice** with a fork, then stir in **2 tablespoons rice wine vinegar**, reserving remaining vinegar for Step 2. Cover rice and set aside.

2. Prepare ingredients

While rice cooks, rinse all produce. Thinly slice **cucumbers** crosswise into rounds, then place in a medium bowl. Add **2 packets soy sauce**, **remaining rice wine vinegar**, **half of sesame seeds**, **½ teaspoon salt**, and **pepper**, toss to combine, and set aside. Wipe **mushrooms** clean with a damp paper towel and roughly chop (see recipe tip). Cut **carrots** crosswise on a diagonal into ½-inch slices.

3. Cook mushrooms

Heat **half of sesame oil** in a large pan over medium-high heat (reserve remaining oil for next step). When oil is shimmering, add **mushrooms** and cook, stirring occasionally, until browned and tender, 8–10 minutes. Add **remaining soy sauce** and cook until liquid is reduced and thickens slightly, about 30 seconds more. Remove pan from heat and season mushrooms with **pepper** as desired.

4. Cook carrots

While mushrooms cook, heat **remaining sesame oil** in a separate large pan over medium heat. When oil is shimmering, add **carrots** and cook, stirring occasionally, until soft, about 6 minutes. Add **remaining sesame seeds** and cook, tossing to combine, until carrots are coated, 1 minute more. Season with **½ teaspoon salt** and **pepper** as desired. Remove pan from heat and set aside.

5. Make wasabi mayo

While carrots cook, in a small bowl, stir together **wasabi** (use half for milder heat) and **mayonnaise** to fully combine. Season with **¼ teaspoon salt** and **pepper** as desired.

6. Plate vegetable sushi bowls

Halve **avocados** and discard pits. Using a spoon, carefully scoop out flesh, discarding skin. Thinly slice. Break **nori** into bite-size pieces. Divide **sushi rice** among serving bowls. Top with **cucumber salad**, **sautéed mushrooms**, **sautéed carrots**, and **sliced avocado**. Garnish with **nori** and dollop over **wasabi mayo**, as desired. Dig in!
