

Cherry Cheesecakes

with Graham Cracker Crust

The only thing better than New York–style cheesecake? Individual cakes you don't have to share! Here, they bake in graham cracker crusts, making them easy to prep and serve. We add a little sour cream to the cream cheese mixture—our secret for a super smooth, tangy filling. A cherry and white wine compote, similar to the classic cooked cherry topper, is a gorgeous finishing touch.

Softened cream cheese will combine more easily with the other filling ingredients in Step 3, so there won't be any lumps in your cheesecake.

The cheesecakes will continue to set as they cool at room temperature. Be sure not to skip this step.

1. Prepare ingredients

Preheat oven to 350°F. Place **cream cheese** in a large bowl and set aside to soften at room temperature, 5–10 minutes (see recipe tip). Place **graham cracker crusts** on a baking sheet and set aside until Step 4.

2. Make cherry compote

In a medium pot over high heat, combine **white wine**, **cherries**, and **½ cup sugar** and cook until sugar dissolves and liquid begins to bubble, about 2 minutes. Then, reduce heat to medium high and simmer, stirring frequently, until reduced by half, 10–12 minutes. Remove pot from heat and set aside to cool, 10–15 minutes.

3. Make cheesecake filling

While compote cools, to bowl with softened cream cheese, add **1 egg**, **remaining sugar**, and **a pinch of salt** and whisk until smooth. Add **sour cream** and **vanilla** to bowl and whisk vigorously until fully combined and no lumps remain.

4. Bake cheesecakes

Pour **cheesecake filling** into **graham cracker crusts** on baking sheet, dividing evenly. Transfer to oven and bake until centers are set, 20–25 minutes. Use the downtime to relax and enjoy the sweet smells filling your kitchen.

5. Plate cherry cheesecakes

Once baked, remove **cheesecakes** from oven and set aside to cool slightly, 5–10 minutes (see recipe tip). Spoon **cherry compote** over cheesecakes. Enjoy your sweet treat!
