French Onion Soup

with Sourdough Croutons and Gruyère

There's something about a bowl of this classic soup—the silky onions, the rich broth, the “lid” of toasted bread and Gruyére—that’s always so comforting. Tonight, onions caramelize with thyme, then simmer in a vegetable broth spiked with Worcestershire and sherry. Instead of melting the cheese over each serving, sourdough slices are added right to the pot, topped with Gruyére, and baked until golden.

Recipe tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

Flour helps thicken the soup as it simmers. Stir it into the onions before adding the stock to toast it slightly and prevent any flour lumps in your soup.

The whole thyme sprigs will add plenty of flavor to the soup, but won't be pleasant to bite into. We recommend removing them once the soup has simmered.

Try not to submerge the bread slices in the soup when you add them to the pot so they toast on top and the cheese melts over them.

1. Prepare ingredients

Preheat oven to 450°F. Peel **onions**, halve, and thinly slice. Mince **garlic**. Strip leaves of **2 thyme sprigs**, discarding stems, and reserve for Step 6; leave **remainder** whole for the next step.

2. Caramelize onions

Heat **butter** in a large ovenproof pot over medium-high heat. When butter is foamy, add **onions**, **garlic**, and **whole thyme sprigs** (not leaves) and sauté, stirring, until onions are light brown and fragrant, 6–8 minutes. Add **flour** and cook, stirring, 1 minute (see recipe tip). Add **sherry** and **Worcestershire sauce** and cook, stirring continuously, until thickened, 1 minute more. Season with **½ teaspoon salt** and **pepper** as desired.

3. Simmer soup

To pot with onions, add **vegetable stock** and **2 cups water** and bring to a boil over high heat. Reduce heat to medium high and simmer until flavors have melded, 10–12 minutes (move on to Step 4—but don't forget to come back). Remove pot from heat. Remove and discard **whole thyme sprigs** (see recipe tip) and season with **½ teaspoon salt** and **pepper** as desired.

4. Toast sourdough

While soup simmers, halve **bread slices** crosswise and arrange on a baking sheet in a single layer. Drizzle over **olive oil**. Bake until toasted and golden brown, 5–7 minutes, then flip (toasting the bread first helps it stay crisp once added to the soup). Spread **mustard** over plain sides of bread slices.

5. Finish French onion soup

To pot with soup, still off heat, add **toasted bread slices**, mustard-side up, in a single layer, overlapping slightly as needed (see recipe tip). Sprinkle over **Gruyère**. Transfer pot with **soup** to oven and bake until cheese is melted and bread is golden and crisp, 2–3 minutes.

6. Plate French onion soup

Ladle **French onion soup** into serving bowls and top with **sourdough croutons**. Garnish with **reserved thyme** and dig in!
