

Summer Berry Galettes

with Whipped Cream

A *galette* is a rustic French tart topped with sweet or savory ingredients. Here, a tangy filling of raspberries and blueberries is spooned into flaky pie crusts, then baked until golden brown. A dollop of fluffy, sweetened whipped cream takes these galettes to the next level.

Recipe Tips

Be sure to read through the entire recipe before you begin cooking. Trust us–you'll be glad you did!

If your pie crust is stiff and cracking, allow it to warm up at room temperature for about 5 minutes. Doing so will make it pliable and easier to work with.

Whisk vigorously! It takes a bit of elbow grease, but it'll be worth it—just keep going.

1. Prepare Ingredients

Preheat oven to 400°F. Halve **lemon**. In a small bowl, whisk together **cornstarch** and **2 tablespoons water** until no lumps remain. In a separate small bowl, whisk **1 egg**.

2. Make Berry Filling

In a medium pot, combine **berries**, **all but ½ teaspoon granulated sugar**, **juice of 1 lemon**, and **cornstarch mixture**. Bring to a boil, then reduce heat to medium and simmer until berry filling is thickened, about 3 minutes. Remove from heat and allow to cool.

3. Assemble Galette

While filling cooks, remove **pie crust** from tin and cut into 3 equal pieces. Reshape pieces into rounds, making sure no cracks remain (see Recipe Tip). Place **pie crust** on a parchment-lined baking sheet. When it has cooled, spoon **berry filling** into center of rounds, leaving a 2-inch border and dividing evenly. Gently fold **pie crust** over mixture, overlapping crust if needed.

4. Bake Galettes

Brush **beaten egg** over edges of galettes, then sprinkle over **remaining granulated sugar**. Bake **galettes** until crusts are golden, 12-15 minutes.

5. Make Whipped Cream

While galettes bake, in a medium bowl, combine **heavy cream** and **powdered sugar**. Using a whisk or an electric mixer, whip until cream is thickened and fluffy and stiff peaks form, about 3 minutes if using whisk (see Recipe Tip). Place **whipped cream** in refrigerator to chill until ready to use.

6. Plate Galettes

Remove **galettes** from oven and allow to cool. Dollop over **whipped cream**, grab a spoon, and dig in!
