Recipe tips

Be sure to read through the entire recipe before you begin cooking.

No outdoor grill or grill pan? Heat ½ tablespoon olive oil in a medium pan over medium-high heat. When oil is shimmering, add steaks and sear until browned and medium rare, 4–6 minutes per side.

If using an outdoor grill with spaces in between grates, place vegetables on a piece of aluminum foil, then place on the grill to prevent from falling through.

USDA recommends cooking beef to 145°F.

1. Prepare ingredients

Preheat grill to medium-high heat (see recipe tip). Rinse all produce. Quarter **mini peppers** lengthwise, discarding seeds and stems. Finely chop **cilantro** leaves and stems. If you have a zester and want to infuse your chimichurri with even more flavor, zest **up to ½ of lime**, then halve. Peel **onion**, quarter, and separate layers. Mince **garlic**.

2. Marinate steak and vegetables

In a large shallow baking dish or resealable plastic bag, whisk together **fajita spice mix**, **juice of ½ lime**, **half of garlic**, **1 tablespoon olive oil**, **1 teaspoon salt**, and **black pepper** as desired. Pat **steaks** dry with paper towel and add to marinade, along with **mini peppers** and **onion**. Turn to coat, then set aside to marinate at room temperature for at least 10 minutes.

3. Make chimichurri

While steak and vegetables marinate, stack **tortillas** and wrap in foil. In a small bowl, stir together **dried oregano**, **cilantro**, **lime zest** (if using), **juice of remaining lime**, **remaining garlic**, **1 tablespoon olive oil**, **⅛ teaspoon salt**, and **black pepper** as desired to combine. Set aside until ready to serve.

4. Grill steaks

If using a grill pan, place it over medium-high heat now. Remove **steaks** from marinade, allowing excess to drip off. When grill is just smoking, add **steaks** and cook until charred and medium rare, 2–3 minutes per side. Transfer **steaks** to a plate and set aside to rest for about 5 minutes.

5. Grill vegetables and warm tortillas

While steaks rest, add **mini peppers** and **onion** to grill in a single layer (see recipe tip). Add pouch with **tortillas** to grill and cook until vegetables are charred and softened and tortillas are warmed through, 2–4 minutes per side (if using a pan, cook vegetables first, then add tortillas in a single layer, working in batches, and toast until warmed through, about 30 seconds per side).

6. Plate grilled steak fajitas

Once steaks have rested, find the direction of the grain (muscle fibers) and slice across it, rather than parallel, as thinly as possible—this ensures tenderness. Divide **sliced steak** and **grilled peppers and onion** between serving plates. Serve with **warmed tortillas** and **chimichurri** for DIY assembly. Enjoy!
