Recipe Tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

The glaze should be thin and runny after whisking.

1. Prepare Ingredients

Preheat oven to 375°F. Set aside **butter** to soften at room temperature until ready to use. In a small bowl, gently stir together **lavender** and **milk**. Set aside.

2. Make Batter

In a large bowl, whisk together **sugar**, **butter**, and a **pinch salt** until pale and fluffy. Stir in **Chobani yogurt**, **vanilla extract**, and **1 egg** until fully combined. Add **flour** and **baking soda** and stir until fully incorporated.

3. Bake Pound Cakes

Divide **batter** evenly between tins, reshaping if bent. Place on a baking sheet, transfer to oven, and bake until tops are golden and centers are set, about 25 minutes.

4. Make Lavender Glaze

While pound cakes bake, using a small spoon, carefully remove **lavender** from milk and discard. Add **powdered sugar** to bowl and whisk to combine (see Recipe Tip).

5. Plate Pound Cakes

Remove **pound cakes** from oven. Set aside to cool for about 5 minutes, then remove from tins. Pour over **glaze** and enjoy warm or at room temperature.
