Recipe tips

Be sure to read through the entire recipe before you begin cooking.

The longer pizza dough sits at room temperature, the easier it'll be to roll out. Once your prep is finished, the dough should be good to go.

Tossing the spices with a little water helps protect them from burning while the crust toasts in the oven.

If you don't have a rolling pin, try lifting the dough with your hands, letting gravity help stretch it down. Using your fingers, gently pull the edges, feeling for thicker areas so dough doesn't tear.

1. Prepare ingredients

Preheat oven to 425°F. Remove **pizza dough** from bag and let soften at room temperature (see recipe tip). Place **goat cheese** in a medium bowl to soften. Rinse all produce. Halve **tomatoes**. Peel **onion**, halve, and thinly slice. In a small bowl, toss **sliced onion** with **1 tablespoon olive oil** and **⅛ teaspoon salt**; set aside. In a separate small bowl, combine **everything bagel spice mix** and **1 teaspoon water** (see recipe tip); set aside.

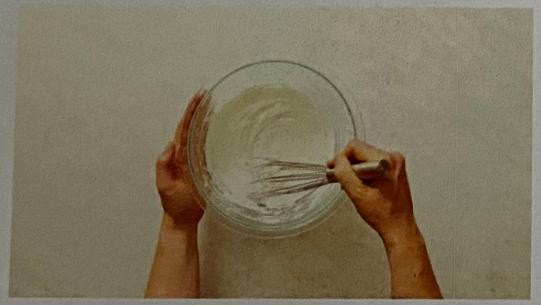

2. Roll out pizza dough

Sprinkle **flour** onto a clean, dry surface, coating a rolling pin or your hands with a thin layer. Roll or stretch **dough** into a rectangular shape, rotating frequently and working from center to edges, until ¼-inch thick (see recipe tip). Line a baking sheet with **parchment paper** and rub with **1 teaspoon olive oil**.

3. Bake pizza dough

Add **pizza dough** to parchment, gently stretching to reach edges of sheet, and rub **1 tablespoon olive oil** on top. Sprinkle **everything bagel spice mix** along edges in a 1-inch border. Scatter **tomatoes** and **sliced onions** in center (or, now's the time to start customizing the toppings on your section of the pizza). Bake until crust is crisp and lightly browned, 15–18 minutes.

4. Whip goat cheese

While pizza bakes, add **2 tablespoons warm water** to bowl with **goat cheese** and whisk until smooth and fluffy, 1–2 minutes. Season with **¼ teaspoon salt** and **pepper** as desired, then set aside until ready to serve.

5. Finish prep

Pick **dill** and **parsley** leaves, discarding stems. Roughly chop **capers**, if desired —these pickled buds can be too tangy for some, so chopping ensures smaller pops of briny flavor.

6. Finish and plate pizza

Once baked, remove **pizza** from oven. Set toppings out in a spread for total customization, or follow our guide: Dollop over **whipped goat cheese**, tear **smoked salmon** into large pieces and arrange on top, then scatter over **herbs** and **capers**. Cut **smoked salmon pizza** into slices and dig in!
