Shrimp Coconut Curry

with Corn and Zucchini

We're so excited to include millet in tonight's recipe. It has a mild, nutty flavor and a fluffy texture similar to couscous, making it the perfect bed for tonight's saucy shrimp curry. Seasonal zucchini and corn sauté with aromatics and warm spices, then simmer with coconut milk and shrimp until tender. It's a dish so fragrant and comforting, we'd happily enjoy it all year long.

Recipe tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

The spices may pop slightly as they toast in the hot pan, so stand back in case the hot oil splatters.

Coconut milk solids naturally separate from the liquids during transit. Vigourously shake the can before opening.

1. Cook millet

In a small pot, combine **millet**, **1 cup water**, and **¼ teaspoon salt**, and bring to a boil over high heat. Reduce heat to low, cover pot, and cook until water is fully absorbed, 19–21 minutes (move on to Step 2—but don't forget to come back!). Remove pot from heat and let stand, still covered, for 10 minutes. Fluff **millet** with a fork, stir in **butter**, then cover again to keep warm until ready to serve.

2. Prepare ingredients

While millet cooks, rinse **zucchini** and cut into ½-inch dice, discarding ends. Rinse **cilantro** and roughly chop leaves and stems, keeping separate. Trim and discard skin of **ginger** and mince. Peel **shallot**, halve, and thinly slice. If you have a zester and want to infuse your millet with even more lime flavor, rinse **lime** and zest **up to ½**. Halve **lime** and set aside **1 half** for seasoning curry; cut **remainder** into wedges for serving.

3. Sauté vegetables

Heat **1 tablespoon olive oil** in a medium high-sided pan over medium heat. When oil is shimmering, add **spice mix** and cook until spices are fragrant, about 1 minute (see recipe tip). Add **ginger** and **shallot** and cook, stirring, until softened, 2–3 minutes. Add **corn** and **zucchini** and cook until beginning to brown and soften, 3–4 minutes.

4. Simmer curry

Add **coconut milk** and **½ teaspoon salt** to pan with vegetables and bring to a boil over high heat (see recipe tip). Reduce heat to medium and simmer until liquid is slightly reduced and flavors have melded, 4–5 minutes. Meanwhile, pat **shrimp** dry with paper towel and season all over with **¼ teaspoon salt**.

5. Cook shrimp

Add **shrimp** to curry in pan, still over medium heat, and cook, stirring halfway through, until shrimp are opaque and cooked through, 4–6 minutes total. Remove pan from heat and stir in **juice of ½ lime**. Taste **curry** and add **salt** and **pepper** as desired.

6. Plate shrimp coconut curry

Stir **cilantro stems** and **lime zest** (if using) into **millet**. Divide **cilantro millet** between serving bowls, then top with **shrimp coconut curry**. Garnish with **almonds** and **cilantro leaves**. Serve with **lime wedges** for squeezing over. Dig in!
