Recipe Tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

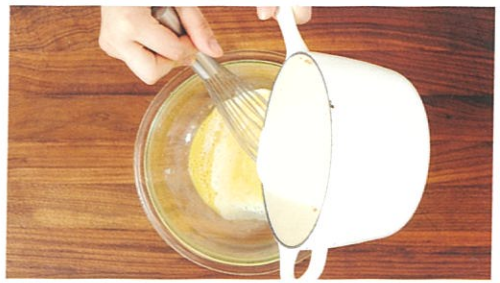

Whisking your custard continuously prevents the hot milk mixture from curdling the egg.

Place powdered sugar in a fine-meshed sieve and shake gently over bread puddings for the perfect light dusting.

1. Prepare Ingredients

Preheat oven to 350°F. Cut **brioche** in half, and evenly spread **Nutella** on one side. Cover with other half of brioche and press together, creating a sandwich. Cut **Nutella sandwich** into ½-inch cubes. In a medium bowl, whisk together **1 egg** and **vanilla extract**.

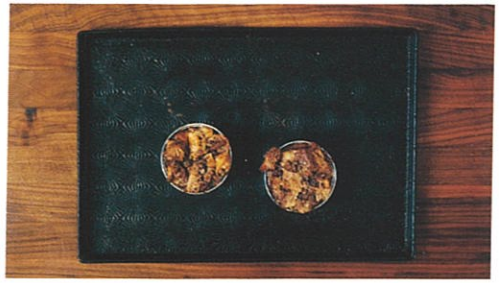

2. Make Custard

In a small pot over medium-high heat, combine **half of milk**, **heavy cream**, **sugar**, and a **pinch salt** and cook, stirring, until sugar is dissolved and milk is hot but not boiling, about 1 minute. Add **milk mixture** to bowl with egg, whisking continuously, until combined (see Recipe Tip). Use remaining milk for morning coffee.

3. Soak Bread

Add **brioche cubes** to bowl with custard and stir gently to coat. Set aside and allow to soak for 5-10 minutes.

4. Bake Bread Pudding

Divide **bread and custard** evenly between aluminum tins, place on a baking sheet, and transfer to oven. Bake until brioche is slightly crisp and custard is firm, 20-25 minutes.

5. Plate Bread Pudding

Remove **bread puddings** from oven and allow to cool for 2-3 minutes. Serve warm and sprinkle with **powdered sugar** (see Recipe Tip). Enjoy bread pudding bliss.
