

Cheesy Steak Heroes

with Peppers, Onions, and Creamy Mustard

If you asked us to name our Top 5 American Sandwiches, the classic cheesesteak would definitely make the list. Typically it's made with a long roll, piled high with thinly sliced beef, cheese (often American, sometimes whiz), and sautéed onion. Here, we're pairing the steak and veggies with gooey provolone and a creamy mustard sauce. Two-handed comfort food at its finest.

Recipe Tips

Be sure to read through the entire recipe before you begin cooking.

Find the direction of the steaks' grain (muscle fibers) and slice across it, rather than parallel.

Using the same pan multiple times can turn it quite dark. To clean, add water to come 1 inch up the sides (and a little white vinegar, if you have it). Heat over medium to loosen bits stuck to the bottom.

USDA recommends cooking beef to 145°F.

1. Prepare Ingredients

Preheat oven to 425°F. Halve **lemon**—you'll use 1 half for the salad dressing, so save the remainder to brighten a glass of water. Rinse **bell pepper** and halve lengthwise, discarding seeds, then cut lengthwise into ¼-inch strips. Peel **onion**, halve, and thinly slice.

2. Sauté Pepper and Onion

Heat **1 tablespoon olive oil** in a large pan over medium-high heat. When oil is shimmering, add **bell pepper** and **onion**. Season with **spice mix**, **¼ teaspoon salt** and **black pepper** as desired. Cook until softened and beginning to char, 8-10 minutes. Remove pan from heat and immediately pour over **Worcestershire sauce**, stirring to evaporate. Transfer vegetables to a plate and set aside.

3. Sear Steaks

Pat **steaks** dry with paper towel and season all over with **½ teaspoon salt** and **pepper** as desired. Wipe pan from vegetables clean and return to medium-high heat with **1 tablespoon olive oil**. When oil is shimmering, add **steaks** and sear until browned and medium rare, 2-3 minutes per side (they'll cook a bit more when you melt the cheese on top, in Step 6). Transfer to a plate and set aside to rest at least 5 minutes. Reserve pan for finishing cheesy steak.

4. Make Salad and Creamy Mustard

While steaks rest, in a large bowl, whisk together **juice of ½ lemon** and **1 tablespoon olive oil**. Season with **⅛ teaspoon salt** and **pepper** as desired. Add **arugula** to bowl with dressing and toss to coat. In a small bowl, whisk together **mustard**, **mayonnaise**, and **apple cider vinegar** to combine. Season with **⅛ teaspoon salt** and **pepper** as desired. Set both bowls aside until ready to serve.

5. Toast Rolls

Halve **rolls**, and arrange cut-side up on a baking sheet. Bake until toasted and light golden, about 3 minutes. Transfer **rolls** to serving plates. Once **steaks** have rested, slice against the grain as thinly as possible (see Recipe Tip).

6. Melt Cheese and Plate Heroes

Return **sliced steak** to pan over medium heat and top with **provolone cheese**. Cover pan to melt cheese, 1-2 minutes. Layer **cheesy steak** on **rolls**, then top with **sautéed pepper and onion** and a drizzle of **creamy mustard**. Serve with **arugula salad** and dig in!
