Blue Cheese–Caramelized Onion Pizza

with Pear and Arugula

Blue cheese and pears is a classic food pairing that always works—the creamy, funky cheese is a perfect match for the juicy, sweet fruit. We're using both to top this pizza, along with silky caramelized onions and melty mozzarella and provolone. We recommend piling the balsamic pear and arugula salad onto the pizza for a crisp, peppery, tangy contrast in every bite.

Recipe tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

Adding a little water to the onions helps keep them from burning in the pan. It also picks up the delicious browned bits that stick to the bottom, so your onions will be tastier and the pan will be easier to clean.

If you don't have a rolling pin, try lifting the dough with your hands, letting gravity help stretch it down. Using your fingers, gently pull the edges, feeling for thicker areas so dough doesn't tear.

1. Prepare ingredients

Preheat oven to 450°F. Remove **pizza dough** from bag and let soften at room temperature so it will be easier to roll out (we recommend about 15 minutes, so when the onions are cooked, you should be good to go). Rinse **pear** and slice off rounded sides, discarding core, and cut lengthwise into ¼-inch slices. Peel **onion**, halve, and thinly slice.

2. Caramelize onion

Heat **butter** in a medium high-sided pan over medium-high heat. When butter is foamy, add **rosemary**, **onion**, and **¼ teaspoon salt**, and cook, stirring frequently, until light brown and softened, about 5 minutes. Add **¼ cup water** and reduce heat to medium. Cook, stirring continuously, until onion is golden and water has evaporated, 3–5 minutes more (see recipe tip). Remove and discard **rosemary**. Set pan aside until Step 5.

3. Roll out dough

While onions cook, sprinkle **flour** onto a clean, dry surface, coating a rolling pin or your hands with a thin layer. Roll or stretch **pizza dough** into a rectangular shape, rotating frequently and working from center to edges, until ¼-inch thick (see recipe tip).

4. Bake pizza crust

Line a baking sheet with **parchment paper** and rub with **1 teaspoon olive oil**. Add **pizza dough**, gently stretching to reach edges of baking sheet, and rub all over with **2 teaspoons olive oil**. Season with **¼ teaspoon salt**. Bake until crisp and lightly browned, 10–12 minutes.

5. Assemble pizza and bake

While crust bakes, in a large bowl, whisk together **balsamic vinegar**, **¼ cup olive oil**, **¼ teaspoon salt**, and **pepper** as desired. Add **pears** and toss to coat. Once crust is crisp, scatter over **mozzarella and provolone**, then **caramelized onion**, then **blue cheese**. Arrange **half of pears** over pizza in an even layer. Return to oven and bake until crust is browned and cheese is bubbling, 9–11 minutes.

6. Plate pizza and salad

While pizza bakes, rinse **arugula** and pat dry, then add to bowl with remaining pears and toss to combine. Once **blue cheese–caramelized onion pizza** is done, top with **arugula and pear salad** and cut into slices, or serve the salad alongside. Dig in!
