Salmon-Ginger Cakes

with Sticky Rice, Pickled Vegetables, and Miso Mayo

There's something special about sticky rice, a Southeast Asian short-grain variety: During cooking, it releases its high starch content and becomes sticky. Here, it makes a satisfying textural counterpoint for crispy salmon cakes and crunchy pickled vegetables. Plus, it's perfect for soaking up every last drop of creamy miso mayo.

Recipe tips

Be sure to read through the entire recipe before you begin cooking.

Chilling the salmon patties will help them hold their shape as they cook.

No vegetable peeler? Halve cucumber lengthwise, then thinly slice crosswise into half-moons. Thin slices pickle quickly, and add an eye-catching layer to the finished plates.

Like the marbling in beef, brown or gray flecks in ground salmon are a natural color variation. USDA recommends cooking fish to 145°F.

1. Cook sticky rice

In a medium pot, combine **rice**, **2 cups water**, and **½ teaspoon salt** and bring to a boil over high heat. Stir once, reduce heat to low, then cover pot and cook until water is fully absorbed, 12 minutes. Remove pot from heat and let stand, still covered, for 10 minutes. Fluff **rice** with a fork, then cover again to keep warm until ready to serve.

2. Form salmon cakes

While rice cooks, rinse all produce. Trim and discard skin of **ginger**, then mince. Mince **garlic**. In a large bowl, combine **breadcrumbs**, **sesame oil**, **ginger**, **garlic**, **2 eggs**, **1 teaspoon salt**, and **pepper**, then add **salmon**. Using your hands, mix well, then form into 12 equal patties, about ½-inch thick. Place **salmon cakes** on plates, cover with plastic wrap, and chill in refrigerator until Step 4 (see recipe tip).

3. Pickle vegetables

While salmon cakes chill, halve **cucumbers** lengthwise, then arrange cut-side down on cutting board. Using a vegetable peeler, peel **cucumbers** lengthwise into wide ribbons, flipping halfway through, until you reach the thin center (see recipe tip). Place in a medium bowl, along with **sushi vinegar** and **slaw mix**; toss to coat. Place in refrigerator to pickle until ready to serve.

4. Cook salmon cakes

Heat **1 tablespoon canola oil** in a large nonstick pan over medium heat. When oil is shimmering, add **salmon cakes** and sear, working in batches and adding oil as needed, until cooked through and opaque, 4–5 minutes per side. Remove pan from heat.

5. Make miso mayo

While salmon cakes cook, in a small bowl, whisk together **miso**, **mayonnaise**, and **soy sauce** until smooth and combined.

6. Plate salmon-ginger cakes

Drain **pickled vegetables**, discarding pickling liquid. Taste and season with **¼ teaspoon salt** and **pepper** as desired. Divide **sticky rice** among serving plates. Top with **salmon cakes** and **pickled vegetables**. Drizzle over **miso mayo** and enjoy!
