Marbella Chicken with Olives and Capers over Rice

Total Time: 35-45 minutes Calories per Serving: 750

Serves: 2 people

Marbella chicken is a classic Spanish dish made by marinating and roasting chicken with prunes, olives, and capers for a blend of sweet and salty flavors. Here it's served with rice for soaking up the flavors.

USDA recommends cooking chicken to 165° F.

1. Cook Rice

Preheat oven to 450°F. In a small pot over high heat, combine **rice**, **1 cup water**, and a **pinch salt**. Bring to a boil, then stir once, cover, reduce heat to low, and cook for 12 minutes. Remove pot from heat and allow to stand, still covered, for 10 minutes. Uncover, fluff with a fork, and set aside.

2. Marinate Chicken

While rice cooks, rinse **chicken** and pat dry with paper towel. In a large shallow bowl or resealable plastic bag, combine **garlic**, **oregano**, **prunes**, **olives**, **capers**, **bay leaf**, and **2 tablespoons olive oil**. Add **chicken** and turn to coat. Set aside and allow to marinate for about 10 minutes at room temperature.

3. Roast Chicken

Remove **chicken** from marinade, reserving. Season all over with ½ **teaspoon kosher salt** and **pepper**. Arrange skin-side up on a foil-lined baking sheet. Pat **brown sugar** over chicken (see Recipe Tip). Transfer to oven and roast until cooked through and no longer pink, 18-20 minutes. Remove from oven and set aside. Turn oven to broil.

4. Season Rice

While chicken roasts, rinse **parsley** and roughly chop leaves, discarding stems. Add ½ **of parsley** and **1 teaspoon olive oil** to pot with rice and stir to combine. Taste and add **salt** and **pepper** as needed.

5. Broil Chicken

Pour **white wine** and **reserved marinade** over roasted chicken. Transfer **chicken** to top rack of oven and broil until skin is crispy, about 1 minute.

6. Plate Chicken

Spoon any **remaining marinade** from baking sheet over **chicken**. Garnish with **remaining parsley** and enjoy over **rice**.

RECIPE TIPS

Be sure to read through the entire recipe before you begin cooking.

Rinse chicken and pat dry with paper towel. A slight odor is a natural reaction to vacuum packing.

Avoid spilling sugar onto the baking sheet when you're sprinkling it over your chicken, as the sugar will burn in the oven.
