Crispy Chocolate Truffles

with Toasted Hazelnuts

Our Valentine's Day truffles were such a hit, we're bringing them back for an any-occasion indulgence. In this version, puffed rice cereal is stirred into dark chocolate ganache for a delicate crunch we love. The truffles are rolled in toasted chopped hazelnuts, then drizzled with melted milk chocolate. Too much of a good thing? Impossible!

Plated.
MEALS WORTH MAKING

Ingredients

- 6 ounces dark chocolate
- 2 cans condensed milk
- ¼ teaspoon vanilla extract
- ⅓ cup puffed rice
- 3 tablespoons hazelnuts
- ¼ cup milk chocolate chips
- 2 packets unsalted butter
- 1 parchment paper

You'll need

kosher salt
plastic wrap
8" medium pan
baking sheet

Recipe tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

Want to prep the truffles in advance? You can chill the dark chocolate ganache for up to 24 hours. Then, when you're ready to form the truffles, set the ganache aside to soften slightly at room temperature, 5–10 minutes, and proceed with the recipe as instructed.

Store any remaining truffles in an airtight container in the refrigerator. For an extra special presentation (or to give this treat as a gift), try placing the truffles in mini cupcake liners.

1. Make dark chocolate ganache

Place **dark chocolate** in a large heatproof bowl. Microwave in 30-second intervals until completely melted, then stir in **condensed milk** to combine. Alternatively, heat dark chocolate and condensed milk in a small pot over medium heat. Cook, stirring constantly to prevent burning, until chocolate is melted and mixture is fully combined. Then, transfer to a large heatproof bowl, reserving pot for Step 5.

2. Chill dark chocolate ganache

To bowl with ganache, add **vanilla**, **puffed rice**, and **⅛ teaspoon salt** and stir to fully combine. Cover bowl with plastic wrap and chill in refrigerator until firm, 40–50 minutes (see recipe tip).

3. Toast hazelnuts

While ganache chills, finely chop **hazelnuts**. Place in a medium pan over medium heat and toast, stirring frequently, until light golden and fragrant, about 3 minutes. Transfer to a plate and set aside to cool. Line a baking sheet with **parchment paper**.

4. Form and coat truffles

Once ganache is firm, working 1 at a time, scoop out **1 tablespoon dark chocolate ganache**. Working quickly to avoid melting, roll **ganache** into balls to yield about 18 truffles, then roll in **chopped hazelnuts** to fully coat. Place on prepared baking sheet, spacing apart. Wipe bowl clean for the next step.

5. Finish truffles

In bowl from ganache, combine **milk chocolate** and **butter** and microwave in 10-second intervals until completely melted. Alternatively, heat milk chocolate and butter in pot from dark chocolate ganache over low heat. Cook, stirring constantly to prevent burning, until chocolate is melted and mixture is fully combined. Drizzle **milk chocolate ganache** over truffles in a zigzag pattern.

6. Chill and plate truffles

Transfer baking sheet with **truffles** to refrigerator and chill until truffles are firm and milk chocolate has set, about 20 minutes. (This is a great time to get ahead on dishes.) Transfer **crispy chocolate truffles** to a serving platter (see recipe tip) and share with fellow chocolate lovers!
