Tiramisu Cheesecakes

with Dark Chocolate and Espresso

Tiramisu—the layered Italian dessert of coffee-soaked lady fingers, mascarpone, and cocoa—works beautifully here as a no-bake cheesecake. We fold whipped cream into the cream cheese, espresso, and vanilla base for a fluffy filling, then chill in graham cracker crusts until just set. Explore the sweet side of beer pairing with our chef-approved recommendation: a rich, roasty chocolate stout.

Plated.
MEALS WORTH MAKING

Ingredients

- 1 ounce dark chocolate
- 1 packet espresso powder
- 4 packets cream cheese
- 2 tablespoons powdered sugar
- ½ teaspoon vanilla extract
- 1 container heavy cream
- 4 graham cracker crusts
- 2 teaspoons cocoa powder

You'll need

kosher salt
fine-mesh sieve (optional)

Recipe tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

If your cream cheese mixture is too firm, try warming it in the microwave for 30 seconds to make it easier to whisk.

The air in the whipped cream helps give the cheesecakes their light, fluffy texture. Be sure to gently incorporate the whipped cream into the cream cheese mixture, stirring just until combined.

Try serving this dessert with a chocolate stout. Despite its name, this dark, full-bodied beer isn't overtly sweet. A handful of malts and roasted barley give the brew big aromas of coffee and chocolate, which pair so well with the espresso and dark chocolate in the cheesecake.

1. Prepare ingredients

Place a large bowl and whisk in the refrigerator—chilled tools make whipping cream easier (if you have a stand or hand mixer, feel free to chill just the bowl). Finely chop **dark chocolate**.

2. Make cheesecake filling

In a separate large bowl, whisk together **half of espresso powder** (use remainder in another recipe, like a chili or steak rub) and **1 teaspoon water** to dissolve. Add **cream cheese**, **powdered sugar**, **vanilla extract**, and **a pinch of salt** to bowl with espresso and whisk until thoroughly combined (see recipe tip).

3. Whip cream

Remove bowl and whisk from refrigerator, add **heavy cream**, and whip until thickened and soft peaks form. Add **whipped cream** to bowl with cream cheese mixture and gently fold together to combine (see recipe tip).

4. Finish cheesecakes

Spoon **cream cheese mixture** into **graham cracker crusts**, dividing evenly. Lightly tap each **crust** on a flat surface to allow filling to settle and remove any air bubbles. Refrigerate until firm, about 20 minutes.

5. Plate tiramisu cheesecakes

While cheesecakes chill, use the downtime to get ahead on dishes. Using a fine-mesh sieve or spoon, dust cheesecakes with **cocoa powder**. Garnish with **dark chocolate**. Open a special, dessert-friendly beer (see recipe tip) and enjoy!
