Recipe Tips

Be sure to read through the entire recipe before you begin cooking. Trust us—you'll be glad you did!

Be sure to apply pressure when you're grinding your pretzel crisps. A finer texture yields a more cohesive crust, but don't worry if they're a little crumbly.

When you add the chocolate mixture to the egg, be sure to whisk continuously to avoid curdling.

You can enjoy the tartlets directly from the tins. However, you can also use scissors to carefully cut open the tins and remove them if you like. If the crusts break a little, sprinkle the crumbs on top for a pretty garnish.

1. Make Crust

Preheat oven to 325°F. Using a rolling pin, roll over **pretzel crisps** until finely ground and transfer to a medium bowl (see Recipe Tip). Add **1 teaspoon sugar** and **butter**. Using your fingertips, crumble together until fully combined.

2. Start Filling

In a large bowl, beat **1 egg**. In a small pot over medium-low heat, combine **milk**, **heavy cream**, and **remaining sugar**. Bring to a simmer, then remove pot from heat. Immediately add **chocolate** and stir until smooth.

3. Finish Filling

Whisking continuously, slowly add **chocolate mixture** to bowl with egg until fully combined.

4. Assemble Tartlets

Divide **crust mixture** evenly between 2 tins, reshaping if bent. Using your fingertips, press into an even layer, then divide **filling** evenly between tins.

5. Bake Tartlets

Place **tartlets** on a baking sheet. Transfer to oven and bake until centers are almost set, about 10 minutes, then remove and add **1 unwrapped caramel square** to center of each. Return to oven and continue baking until centers are set and no longer jiggly, about 10 minutes more.

6. Plate Tartlets

Remove **tartlets** from oven. Set aside to cool for a few minutes, then grab a fork and dig in ASAP!
